

# CELEBRATING THE ROADWISE NETWORK

National Volunteer Week 2016

Introducing some of the  
members of our network...

# Margaret Ryan

City of Swan RoadWise Committee  
Community Representative

*(Margaret is pictured on the right)*

“I have been on the City of Swan Roadwise Committee since around June 2011.

I attend the meetings, help out at whatever events I can, such as the vehicle checking station and the Blessing of the Roads. I am always willing to try and be available for any other events.

I enjoy being a part of this sort of committee as I am a permanent pedestrian so it gives me the chance to raise issues that people who drive vehicles may not think of. My small contribution in some way some day may be instrumental in making the roads safer for all the community.

I also enjoy the banter that goes on sometimes at the committee meetings, and I love talking to different people at whatever we are doing and letting them know that what we are trying to do is get the road safety message across in a manner that involves all ages and in a non lecturing way.”

## Sean Culling

Kalgoorlie-Boulder RoadWise  
Committee

Chairperson

“Hi I'm Sean Culling. I have been involved with RoadWise for approximately 10 months. The reason I joined was due to being involved with a car club and it seemed to be the next level I wanted to go with the club, to get involved with the community.

I find it thoroughly satisfying when you see that light bulb turn on in people's heads that road safety is a real thing and that we as road users are all responsible for the safety of everyone on the roads. Safe travels.”

## Clive Johnson

President, Broome Men's Shed  
Driver Reviver coordinator

“I’m Clive, the President of the Broome Men’s Shed. I’m involved a lot with the community in the health and wellbeing of men.

As a really remote area, we have a lot of problems with people having accidents a long way from home. We do our bit with Driver Reviver to save lives.”

# Kendra Grace

Northam RoadWise Committee

Representing Wheatbelt Community

Alcohol and Drug Service

Growing up in the country, driving and its consequences force itself into our childhood, teenage years and adulthood. A whole community feels the effects. A whole community grieves together. And a whole community pulls together. No matter our paths, this sense of community never leaves us.

We all look after each other. Forever. This is why road safety matters to me. It is intrinsically part of me because of growing up in the country. It's for my family, my friends and my community and no death or serious injury is okay with us.

## Lyn Jutte

City of Swan RoadWise Committee  
Community Representative + Secretary  
of the Motorcycle Riders Association  
(MRA)WA

*(Lyn is on the left of the photo)*

“I have been with the City of Swan Roadwise Committee for over 10 years, but I have been with the MRA over 20 years which involves promoting safer riding for motorcyclist, better roads etc.

I have been part of many road safety campaigns, displays and vehicle checks over the years.

I enjoy the comradery and have learned a lot, but the main thing for me is "if something I do or say makes a difference with peoples attitudes and makes for safer riding and driving" that is all I ask for.”

## Victoria Brown

Esperance RoadWise Committee  
Chairperson and Shire President

“I have been involved with the RoadWise program for 8 months now through my role as Shire President and my recent appointment as Chair of the Esperance RoadWise Committee.

As Shire President I feel I have a strong advocacy role to play in terms of highlighting the importance of road safety throughout the local community. I believe local government can have a strong influence on local road safety and I am proud of the fact our Shire has a very active RoadWise Committee.

As a Committee member I am involved in a range of activities that aim to promote road safety in our community and I also use those opportunities to raise awareness of road safety through the media. I find it very rewarding to see the community engage in our campaigns and see the spread of our messages throughout the region.”
